

**GMSI 第6回イブニングセミナー**

**Moving oxygen: An essence for our sustainability**

**Prof. Han-Il Yoo**

Department of Materials Science and Engineering  
Seoul National University, Seoul 151-744, Korea

**2009年6月24日(水) 16:30 ~ 18:00**  
**東京大学工学部 1号館 15号講義室**

**要旨**

We have to breathe oxygen to sustain our lives. Oxides also breathe oxygen to sustain their fantastic versatile properties. We will discuss how for us and those as well to breathe oxygen effectively, and how oxygen moving through the oxides will eventually save us from disasters originating from fossil fuel.
