

Call for Participants

2019 International Workshop on US Comprehensive Research Universities

September 4 -12, 2019

Professor Junichiro Kono

Departments of Electrical and Computer Engineering, Materials Science and Nanoengineering, Physics and Astronom
Research Topics:

Condensed Matter Physics,
Optics and Photonics,
Nanoscience and Nanotechnology

Interdisciplinary Microsystems Group

micro- and nanosystems for healthcare, energy, security, aerospace, transportation, consumer electronics, and other industries, including design, fabrication, characterization, and ultimately deployment of micro and nanotechnologies

NASA's Johnson Space Center

ICAMR

**The International Consortium for
Advanced Manufacturing Research**

To be eligible to attend you must :

- Have a deep interest to WS research topics
- Able to discuss on your own research in English
- Have an approval from your supervisor
- Will comply with the laws of the visiting country (visa etc.)

To apply, send one-page abstract of your research topic, self-Introduction slide and your scanned passport to:

office@gmsi.t.u-tokyo.ac.jp

by **Fri., June. 10, 2019**

*Travel and accommodation expenses will be covered
