|                         |         | Widening the scope of my research                         | 36%  |

## Comments from participants

- I have really enjoyed this summer camp while working with professionals from all over the place. I learned new stuff about my research (that I may use in the future), and developed a wonderful connections with my team mates. Thank you for granting me the opportunity to participate.
- Although this is the first attempt to hold an online camp, I'm impressed by that everything was going smoothly and well organized. It would be nice if we had much more chance to talk with participants in other groups.
