

Research Internship Guidance

The Research Internship Guidance will be held on 13th of April, 2018. We have the internship themes provided by Sangaku-Kyodo Innovation, TOSHIBA CORPORATION and Toyo Tire & Rubber Co., Ltd.. We will share the experience stories by the students. The guidance does not require pre-registration. If you have an interesting theme on the list, please inform us it in advance.

Date and time: Friday, 13th of April, 2018 16:50–18:00

Venue: Engineering Building #2 2nd Floor Room 222

Outline : Internship is a great opportunity for students to apply their skills and knowledge to variety of company' s research themes. Basically, length of internship is more than 2 months for master' s course students, more than 3 months for doctoral course students. The detail of internship such as starting timing, length of internship and theme will be fixed after individual counseling. If your internship meet the requirement of "Engineering Competency 2", you will get the credit. And also, it might satisfy a criteria to get credits for the other graduate course or your major.
