

# 4th TU-SNU-UT Joint Symposium

Tsinghua University  
Seoul National University  
The University of Tokyo

March 12-13, 2010  
Tokyo, Japan

**Registration deadline:  
January 15, 2010**

## Scope & Topics

Ph.D. students and faculty from Asia's "big three" research universities will gather in Tokyo to share their latest findings. Sessions will feature both oral and poster presentations of innovative research on the following mechanical engineering topics:

- 1) Fluid & thermal systems, Advanced energy technology
- 2) Design & manufacturing engineering, Precision engineering, MEMS, Nanotechnology
- 3) Bioengineering, Medical/welfare applications of engineering
- 4) Human resource development

## Information
