Team meeting	76.9%	Widening the scope of my research	41%
Final presentations	74.4%		

Comments from participants

- I really like the summer camp and idea of collaboration with students from other disciplines with lot of team discussions. The facilitator also played a very nice role in driving us to more focused discussions.
- It would be amazing to hold the event outside of Tokyo. This summer camp allows students from different backgrounds to exchange their ideas. That's a good experience!
- It would be amazing to hold the event outside of Tokyo.
