

2024 Summer Camp July 29 – 31 in Taiwan

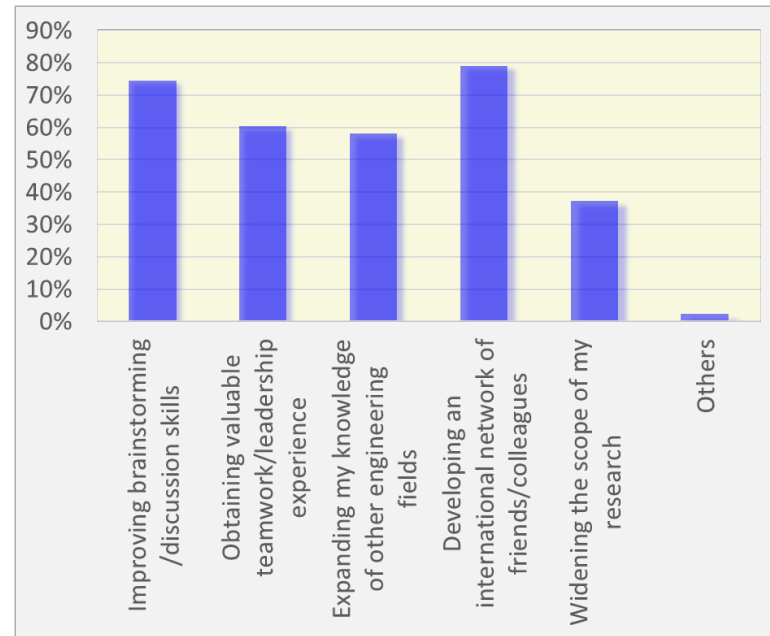

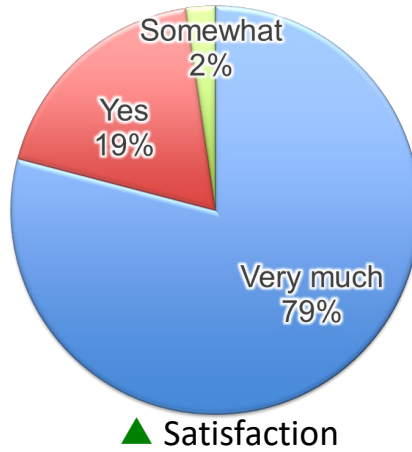

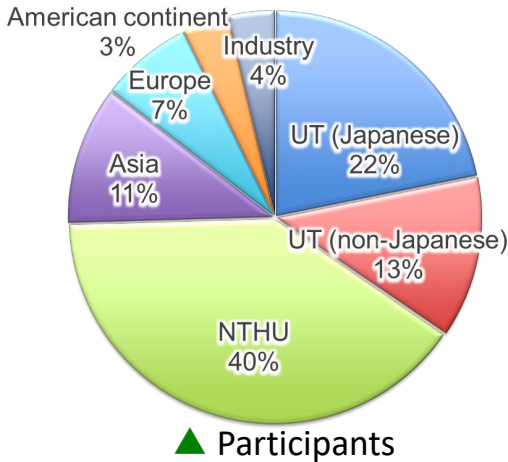

2024 Summer Camp

- 2024 Summer Camp was co-hosted by UTokyo and NTHU in Hsinchu, Taiwan from 29-31 July.
- World-leading Ph. D students discuss ideas to propose an international research project for the “innovative future factories”.
- 80 Participants of 14 univ’s from 10 countries & 2 company. (53 students, 27 or more faculties & TSMC)

2024 Venue: National Tsing Hua University

	7 am	8	9	10	11	12	1 pm	2	3	4	5	6	7	8	9
Sun. Jul 28	Travel to Taipei											Move to Hsinchu			
Mon. Jul 29	Breakfast at hotel	Move to NTHU	Registration	Opening Session - Welcome address - Plenary lectures, invited talks - Self-introduction			Lunch at NTHU	Lab Tour of NTHU		Team meeting guidance Research Presentation	Move to Banquet venue	Welcome Banquet	Move to Hotel		
Tue. Jul 30	Breakfast at hotel	Move to NTHU	Team Meeting				Lunch at NTHU	Team Meeting -Feedback by professors				Move to Hotel			
Wed. Jul 31	Breakfast at hotel	Move to NTHU	Team Meeting				Lunch at NTHU	Final Presentation	Group Photo	Students; questionnaire entry/ Excursion in Zhubei, Faculty; Award ceremony preparation	Move to Banquet venue	Award Ceremony & Banquet	Move to Hotel		
Thu. Aug 1	Breakfast at hotel	Preparation to go back / Hotel check out			Move to Taipei		Return to Home country

80 Participants

- 53 students: 19 UTokyo, 22 NTHU, 12 other countries
- 27 Faculties: 10 UTokyo, 17 or more NTHU & Taiwan companies

10 countries, 14 universities

Day.1 Opening session & Guidance

5

Plenary Lecture; TSMC, Dr. Tseng

Students self-Introduction

Team meeting guidance; Prof. Hsu

Technical presentation session

Day.2,3 Team meeting

-TASK- Propose an international research project with your team members for
“The Innovative Future Factories”

Team meeting

Team meeting

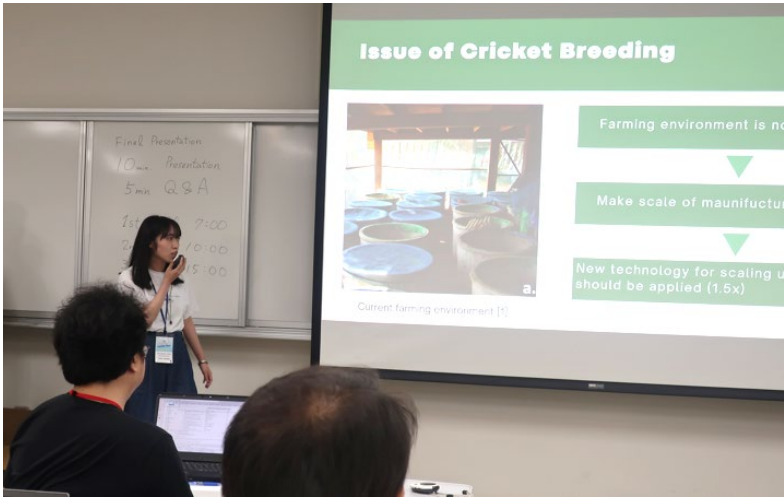

Feedback by professors

Feedback by professors

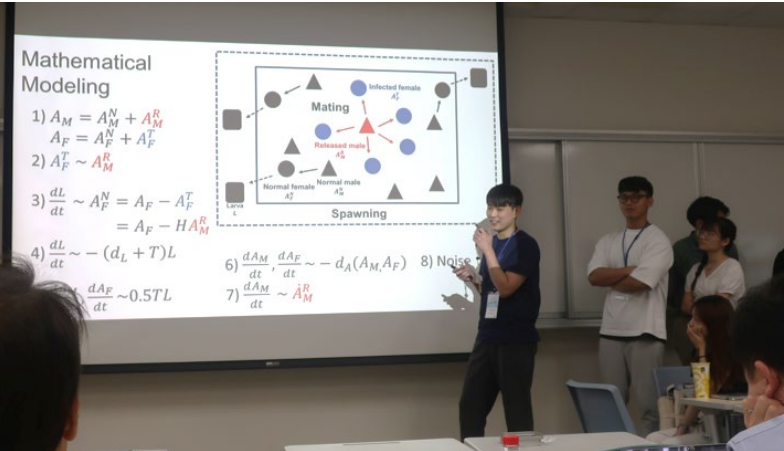

Day.3 Final Presentation

Team 1

Team 5

Team 6

Team 8

Day.3 Group Photo & Award Ceremony

8

Group Photo at NTHU

Team 5; Best Proposal

Growing Moon: Resource Circulated Water Treatment Plant

Team 1; Best presentation

IFARM: LARGE SCALE CRICKETS FARMING

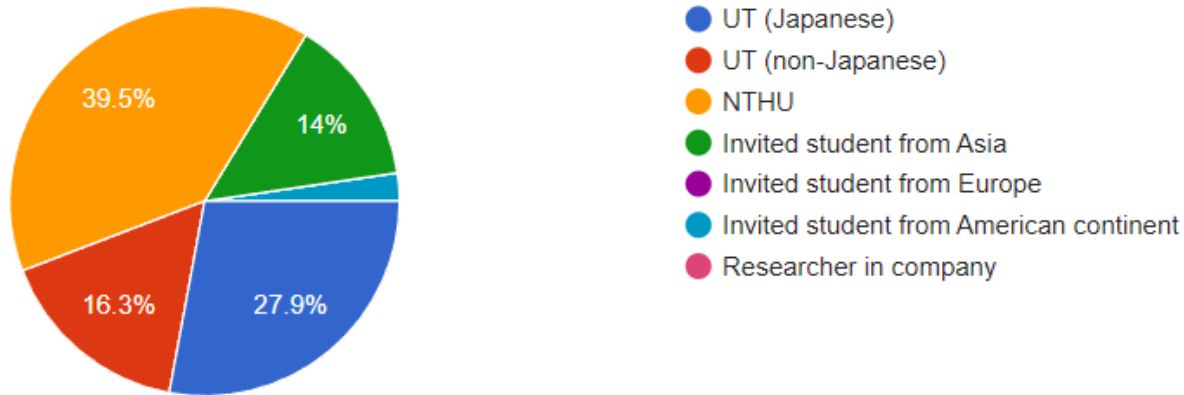

Team 6; Best Innovation

Over-mating and Transgender Mosquito Production (OTMP)

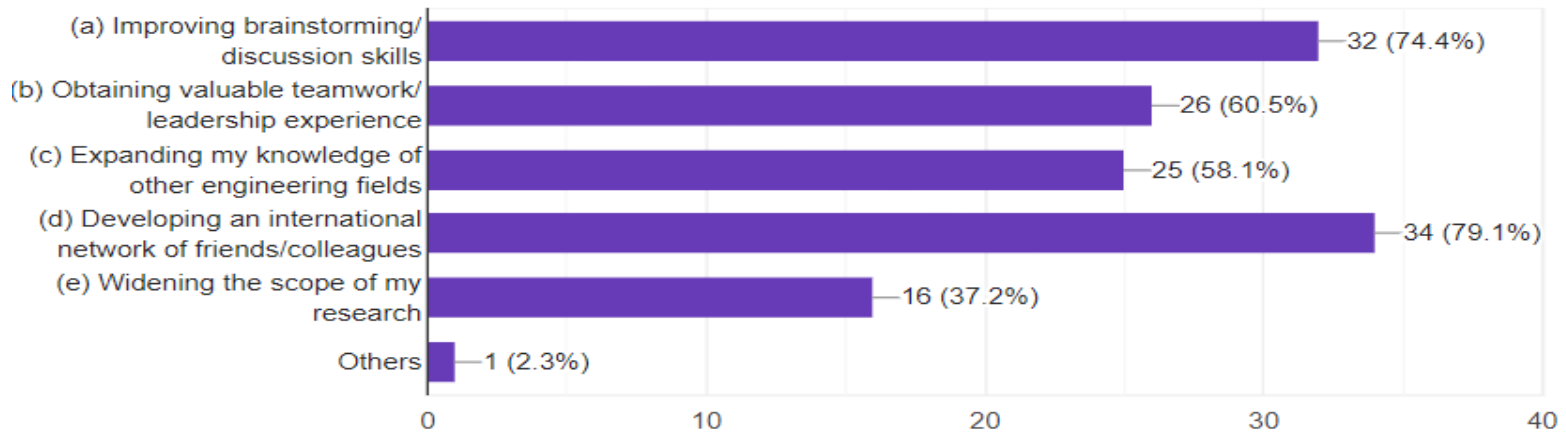

Questionnaire Summary (1)

■ Which of the following describes you ?

53 Participants

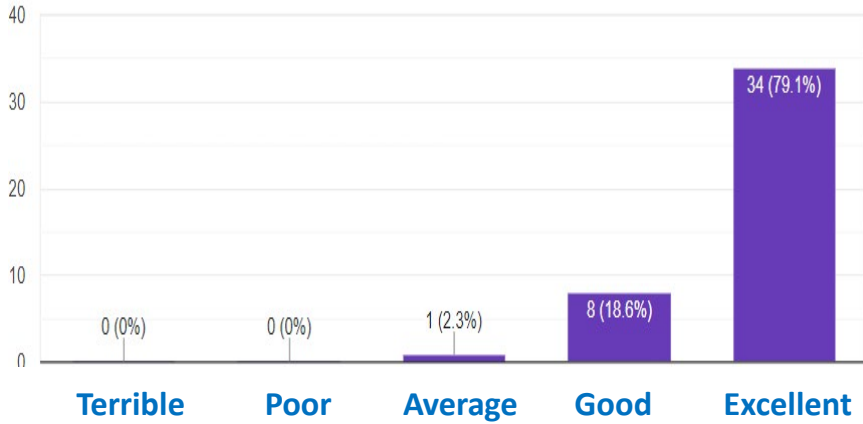

■ In which of the following areas did you find the camp beneficial?

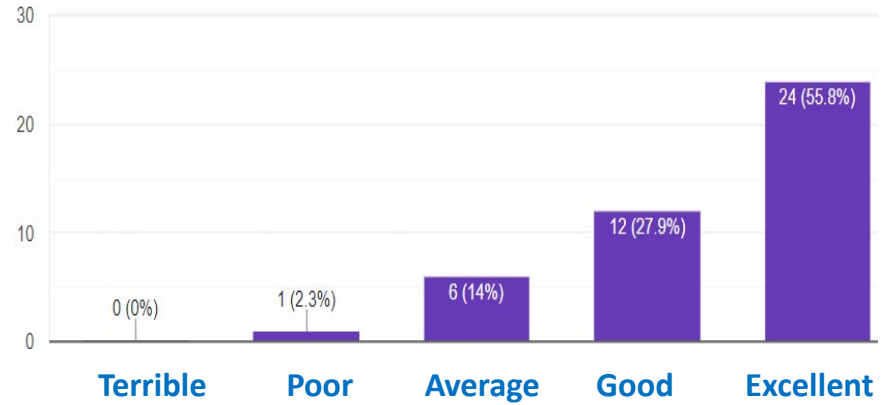

Questionnaire Summary (2)

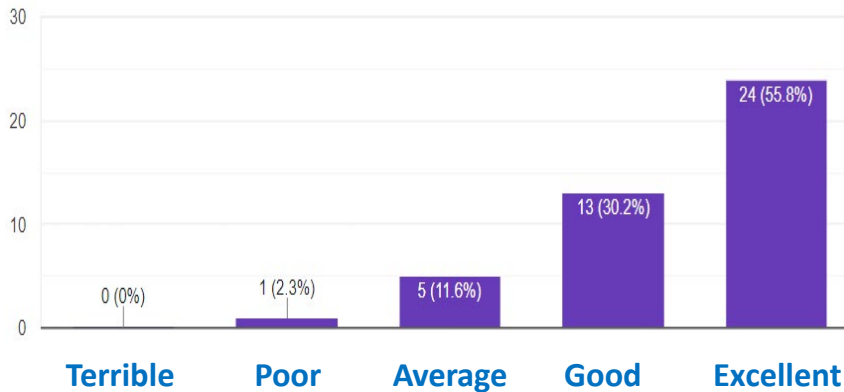

■ Did you enjoy the Summer Camp ?

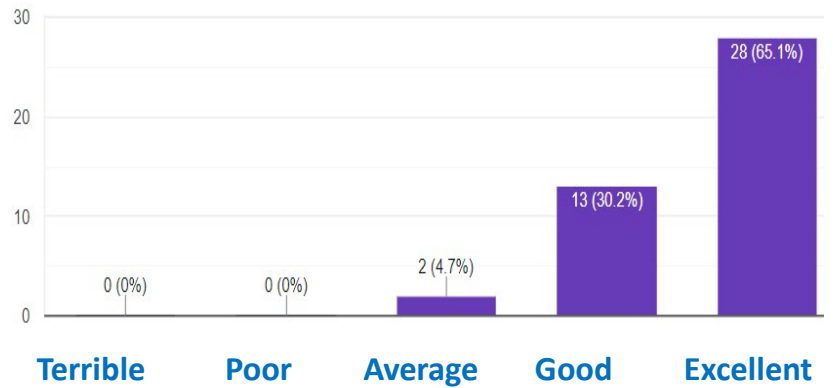

■ Self introduction

■ Lab Tour

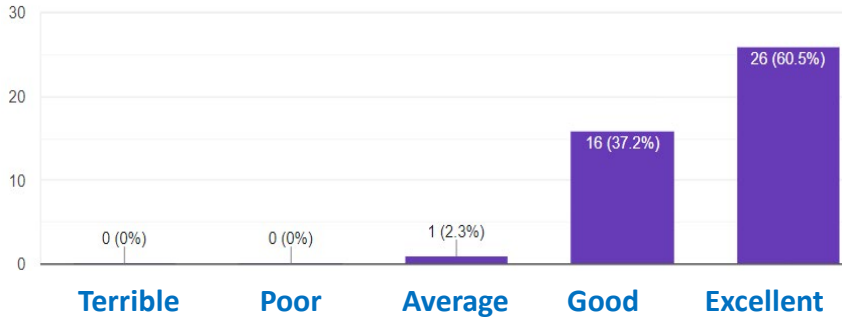

■ Team meeting

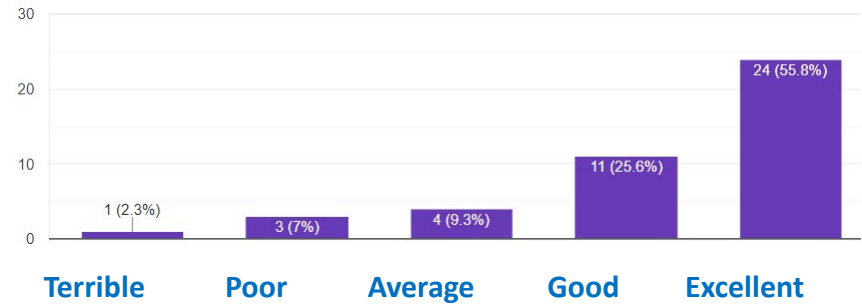

Questionnaire Summary (3)

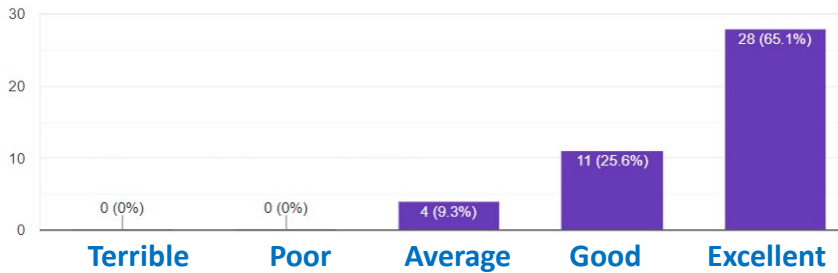

Final presentations

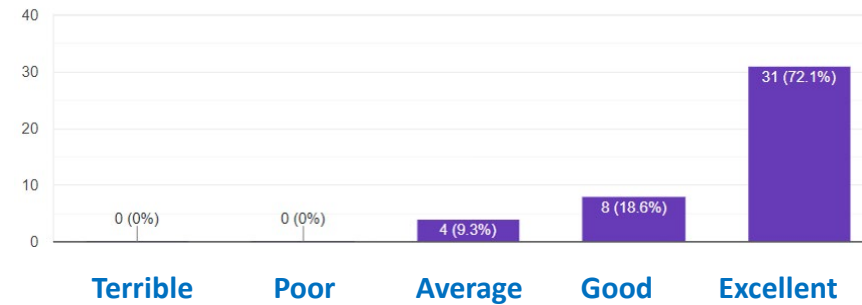

Excursion

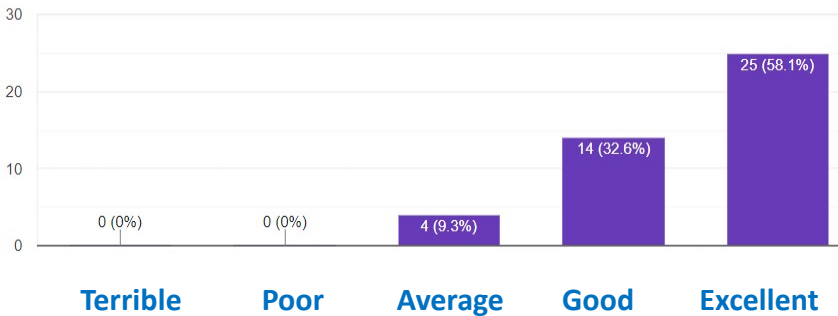

Organization

Meals

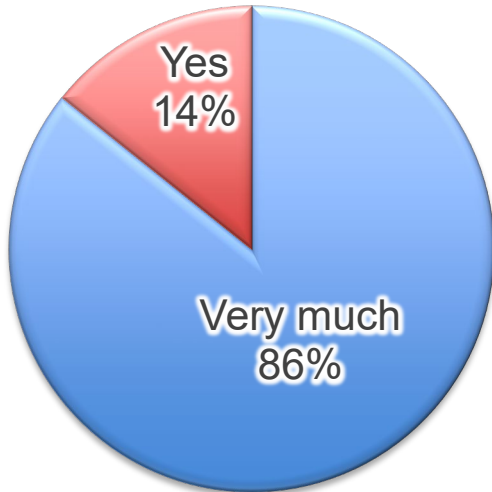

Venue

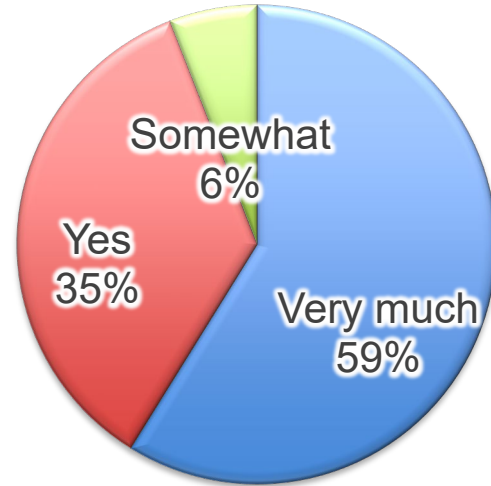

Questionnaire Summary (4)

Did you enjoy the Summer Camp ?

Invited student

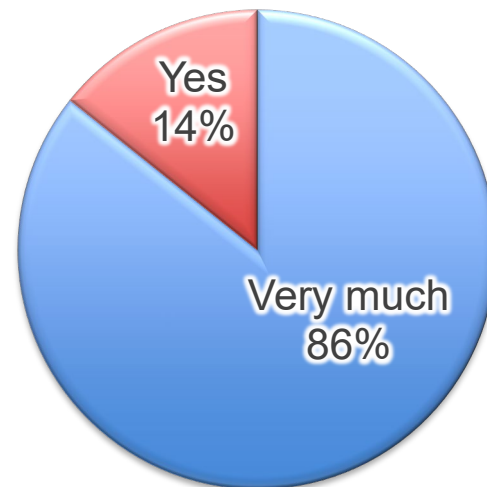

NTHU

UT (Japanese)

UT (non-Japanese)

Comments from Participants

I was very excited because it was my first time going abroad. However, it was more exciting than I expected. At the team meeting, the Taiwanese students embodied what leadership should look like. This was very helpful for me as I usually do my research individually. I was also very impressed by the fact that even though the team members had different opinions at first, they were able to communicate their opposing views to each other so well that in the end everyone was satisfied with the presentation and it became a unified presentation. In the extra time, I was able to enjoy Taiwanese food and culture with my roommates and teammates, which was a very enriching experience. I would like to participate one day in a position where I could lead discussions and show people around the city. Finally, I would like to thank everyone who organized the event. It was a very special time and perfectly organized. I will help in any way I can in the future regarding this camp! Thank you so much.

It was nice to have the camp in Taiwan! It was real "camp" and we could enjoy communication with others. The final presentation session needs break time.

I think it would be better if we have some Facebook groups or Slack workspaces for interaction.

Comments from Participants

Talking to people from different research fields and nationalities exposed me to a wide range of ideas

Please make more events similar like this. Thank you.

Please provide more speakers from the industry. If you can include representatives from startup companies, it would be great, as we can learn from their experiences.

I believe the team discussion time was really limited. But it trained us to prioritize things and learned to harmonize with each other research fields.
I really appreciate whoever contributed in organizing this summer camp, the professors and local students who really helped us during the program.
I wish you guys for a healthy life and always be happy. Best regards

Thanks my teammate
