2023 Summer Camp

– Call for Participation –

The Graduate Program for Mechanical Systems Innovation (GMSI), the World-leading Innovative Graduate Study Program Co-designing Future Society (WINGS CFS), the World-leading Innovative Graduate Study Program Quantum Science and Technology Fellowship Program (WINGS Q-STEP), the World-leading Innovative Graduate Study Program in Gerontology (WINGS GLAFS), the World-leading Innovative Graduate Study program for Materials Research, Information, and Technology (MERIT-WINGS), the World-leading Innovative Graduate Study Program on Global Leadership for Social Design and Management (WINGS-GSDM) and Designing Future Society Fellowship (DFS Fellowship) at The University of Tokyo (UTokyo) will hold a Summer Camp. By gathering together PhD students from various countries studying Mechanical Systems Innovation, Social Design Management and related fields, the Summer Camp aims to widen the research perspective of the participants and facilitate international communication by developing international networks among young researchers. We invite PhD students from departments/universities related to GMSI, GSDM and WINGS CFS to join the camp.
